REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest a storage shelf for articles comprising shelf planes divided into shelf compartments extending in a direction of depth of the storage shelf, the articles are stored within the shelf planes adjacent to one another as well as sequentially behind one another in the direction of depth of the storage shelf, the shelf compartments have several depth positions comprising a frontmost position, one middle depth position arranged behind the frontmost position, a rearmost depth position in the direction of depth of the storage shelf, respectively, an operating device correlated with the storage shelf is configured to access the frontmost position and the one middle depth position arranged behind the frontmost position in order to place or remove the articles but the rearmost position is out of an operating reach of the operating device, the shelf compartments comprise a stationary support for the articles and a moveable carriage for the articles, the carriage is movable between a forward position and a rearward position wherein a stroke length of the movement from the forward position to the rearward position matches a length of one of the depth positions, respectively, wherein the carriage in the rearward position stores the articles in the rearmost depth position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

New drawings (regarding figure 2) were received on 04-23-04. These drawings are approved.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement figures which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments, or remarks, section of the amendment. Any replacement drawing sheet must be identified in the top margin as "Replacement Sheet" and include all of the figures appearing on the immediate prior version of the sheet, even though only one figure may be amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheets must be clearly labeled as "Annotated Marked-up Drawings" and accompany the replacement sheets.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

Art Unit: 3637

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.
